### Rhythm Express Spotlight

#### Summer of Hustle

For several years now, three of the top Hustle events Nationally, attract the best of the best Hustle Dancers to the NY Metro area for the summer season.

Starting in early July with "Disco America" in Atlantic City, followed by the "World Hustle Dance Championships" just a short way from NY City in East Brunswick, N.J. at the Hilton East Brunswick Hotel starting July 26th to the 29th. It all finishes up at the NY Hustle Congress beginning August 30th through September 3rd at the Hilton NY.

Although Hustle peaked in the mid to late 1970's many of the original dancers stood by the style keeping the dance alive through weekly and monthly dances along with weekend workshops, annual cruises, and full blown competitions. Known by the masses as "Disco Dancing", Hustle, has seen a resurgence in the last few years with classes filling up and competitions seeing larger and larger turnouts.

Long Island and the NY area have played a major role in this resurgence of Hustle as well as in its evolution for the past 30 years. 2006 Professional Open Category winners for both the World Hustle Dance Championships, (Kelvin Roche and LoriAnn Greenhouse) and the NY Hustle Congress (Derrick Allen and Donna DeSimone), reside on Long Island with I believe at least three of them being Long Island Natives.

#### Rhythm Express Spotlight continued...

Long Islander Paul Pellicoro has been running his long standing Monday Night Hustle dances at his nationally recognized studio "Dancesport" in Manhattan for more years now than I care to count.

Another Long Island Native, Lori Brizzi has also played a major role in promoting the dance. Without her there would be no NY Hustle Congress or any of the 3 top Hustle dancing nights in the NY area that she promotes under the "Millennium Hustle" banner.

If you want to see the top Hustle dancers from around the country today, make plans to get into Manhattan for the NY Hustle Congress and its four full days of Hustle workshops, competitions, shows, general dancing, parties this Labor Day weekend. (More info on the back page in the "Dance Directory")

And.... Let us not forget "Saturday night Fever", which was filmed on "Long Island".

I think we can all agree that this was possibly the biggest dance movie and album in history and that it had a major impact on dancing at the time. Some may argue that Brooklyn is not part of Long Island but I would suggest they get out a map and double check first. I don't ever remember having to cross a bridge or drive through a tunnel to get to Brooklyn. I hope I've not offended anybody by this remark. It is only geography.

I could go on and on about Long Island's Hustle History but in doing so I might never get this August issue to press so I'll save some for another time.

Just an FYI.... for those of you that picked up on the "on" Long Island in the write up above it was not a mistake. Those of us that are from Long Island will usually say that we live "on" Long Island not "in" Long Island. A little local tidbit.

Dr. Marina I. Peredo

*"Look as good as you dance"*

As a dancer myself I understand how much fun it is to dance and how good it makes me feel. I also know how looking good helps us feel good when we dance and in everyday life.

I became a Dermatologist because it is an exciting and ever-changing combination of medicine and aesthetics. The favorite part of my job is making people look and feel their best.

Favorite Quote: *"Like anyone else, there are days I feel beautiful and days I don't. And when I don't, I do something about it".*

– Cheryl Tiegs

With many of the new procedures offered today it is truly an exciting time to be in the field of Cosmetic Dermatology and as a dancer I thought it a great opportunity to mix the two passions of my life.

Please feel free to contact my office at 631.863.3223 with any questions you may have. Do take advantage of the special pricing I am offering to anyone that brings this advertisement in on the procedures listed below. Also keep in mind that these procedures are not just for women. Men you too can take advantage of these treatments.
